

# Russell Timber Technology Data Sheet

## Designer Oak Windows & Doors

Sumptuous, Impressive and Satin Finished

### Overview

Russell Timber Technology clear faced **Designer Oak** windows and doors are manufactured from laminated and solid **European Oak** which is more stable and durable than American Oak in external locations. Sumptuous, impressive and satin finished - this unique luxury range can be manufactured to larger sizes than standard.

Quality materials and workmanship result in quality windows and doors giving superior appearance and performance.

Doors can be manufactured to oversize and as Double or French Doors as per our **QTE 7** and **QTE 8** ranges.

Available as Sliding Sash Oak Windows, External Doors and Entrances with Satin Smooth Honey Glow, Bi-fold and other configurations.

Manufactured from certified **FSC / PEFC** laminated timbers using timber from managed forests with **Full Chain of Custody**.

These Oak doors to the right were displayed on our stand at Ecobuild 2013.

The mark of responsible forestry

All products and production are subject to continuous development. The company reserves the right to amend details and sizes without notice.
